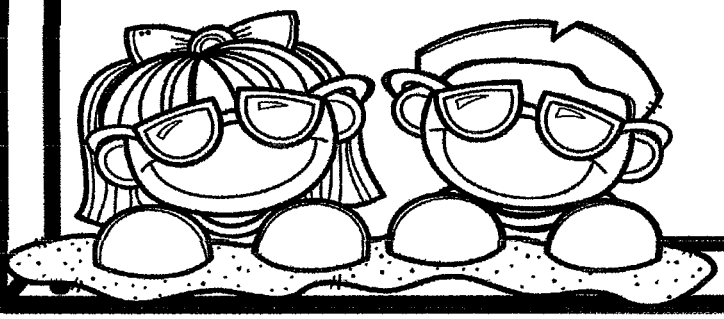
Getting Ready for 1st Grade!

Dear Families,

Did you know that studies have shown that **children lose one to two months of math and reading skills over the summer!** Don't stress! There are ways to prevent this. By continuing to practice and review skills, students will maintain their level of academics and even continue to grow! Please use this packet over the summer as a way to ensure continued success and growth. In addition, make sure your child is reading on a daily basis, even if it is only for ten minutes a day. Have a wonderful summer!



Sincerely,
Mrs. Klosterman
