GPD Forensic Team visits DHR Science lab

Mrs. Sanders' forensic classes had a special visit from Greece Police Dept. forensic team officers Babcock and McLaughlin. The officers led DHR's crime solvers through experiences and the daily work shifts of Greece law enforcement teams. They were highly impressed with our students and our school and they can't wait to return! They extended an invitation to our students to visit Greece Police's main facility and will give a tour and demonstrations to our forensic scientists!

Thank you...

In lieu of Mishloach Manos, the following families donated to DHR in memory of Rabbi Roness' father, Allan Roness – Eliyahu Shimon ben Bayla:

Jake & Adina Dan
 Danny & Lea Goldstein
 Eliezer & Fraidel Lehrer
 Abby Dan

This newsletter is dedicated to Dolly Dan - דבורה בת אברהם הכהן - a major supporter of DHR. On her Yahrtzeit, the 9th of Adar, we dedicated the day's learning in her memory. Dolly Dan's granddaughter (and DHR parent) Chava Bashary spoke to the 7th and 8th grade girls about her grandmother on Tuesday. It was a wonderful lesson for the girls as they learned about Dolly's love of education, her philanthropy and endless support to DHR.
