

Derech HaTorah summer homework

Rabbi Cohen

3<sup>rd</sup> grade

Limudei Kodesh

The students should complete a full review of Parshas Vayeitze by reading and translating 3-4 Pesukim per day. Please try to follow the following daily schedule which includes Shabbos. Make up days are available at the end of the schedule if needed. Parents should put their initials by each day that the homework is completed. Thanks and have an amazing summer.

Also, any workbooks (Chayeinu, or Rashi) not completed over the course of the year can be finished for credit in September. I am including the vocabulary flashcards as well for parents to print up.
