## From the Principal

Mrs. Lea Goldstein

Yesterday, we took such pride in our fabulous graduates, from our littlest people graduating kindergarten to our mature, impressive 8th graders.

I concluded my charge to the graduates last night with the following bracha:

"Graduates, may Hashem grant you the wisdom to appreciate all of the brachos that have been bestowed upon you. Make use of all of your glorious gifts and bring joy and nachas to your Creator, your families and all of Klal Yisrael."

Congratulations to all of our students and teachers upon the completion of another successful year. Have a wonderful, rejuvenating summer...and don't forget to do your summer packets!
