Wow!! נסים ונפלאות - this campaign was miraculous! From the 1,270 donors (we had 236 donors in our previous online campaign) to the 107 teams, to the delicious calling party, to the infectious excitement and ruach, it was incredible! Not only did we meet our unimaginable goal of \$1,000,000...we blew through two bonus rounds and people are still donating!! מי כעמד ישראל!?

This successful campaign could not have happened without our visionary and hard-working partner at Yeshiva, Rabbi Shmuel Herman. The combined synergy and the fantastic involvement of hundreds of parents and alumni who not only donated but also took on teams, has raised the bar for Rochester and for mosdos in klal Yisrael.

The thank you list would take up several newsletters. Instead of listing the leaders of every team, the incredible matchers, all of the generous donors, the calling center chefs, those who made countless calls and those who worked with spreadsheets, we ask that Hashem bless them with the special brachos reserved for those who support Torah learning and who toil on behalf of the tzibur.

THANK YOU!!!
