

To my dearest 4/5 girls!

You have finally made it to the summer! We had an amazing year together, but the learning doesn't stop here! It is so important to continue to learn over the summer and build on all of the skills we worked on this year. Besides for the learning, it is so important to make time each day to daven. Hashem wants to hear your tefillos! Take a few minutes each day, even when you aren't in camp, to take out your siddur and talk to Him.

Your summer homework is a BINGO game! The more BINGOs you get, the more dollars you'll earn in the summer store. Please turn in your chart with your name on it along with any signatures you get and any papers you used for the activities. Have fun!

I hope you all have an amazing, refreshing summer filled with loads of fun, exciting memories, and lots of growth. I look forward to seeing you all around Rochester and back in DHR in the fall!

Love,

Mrs. Ribakow
